

Herman Pines Award in Catalysis

Sponsored by UOP and the Catalysis Club of Chicago

The Catalysis Club of Chicago is soliciting nominations for the **Herman Pines Award** for outstanding research in the field of catalysis. Herman Pines was an outstanding research scientist in both industry and academia, and his work revolutionized the general understanding of organic chemistry, particularly the chemistry of hydrocarbons interacting with strong acids. The Award in his honor is co-sponsored by UOP, where Herman Pines began his industrial career in 1930 and amassed 145 US patents, and by the Catalysis Club of Chicago of which Herman Pines was a founding member while at Northwestern University.

The Award will be presented at the 2021 Catalysis Club of Chicago Spring Symposium in May 2021 and consists of a plaque, a cash award of \$1,000 and reimbursement for travel and lodging as a plenary speaker at the Spring Symposium.

The nominee must meet the following criteria:

- Significant achievements in catalysis research **over the past five years**.
- For year 2021, the award will be given to a member of academia or a national laboratory.
- Active member in catalysis community.
- A resident of North America.

Deadline for nomination is February 28, 2021.

Nominations should describe the specific work for which the nominee should be recognized. A complete curriculum vitae with letter(s) of support for the nominee must be included in the nomination, together with the description of work. Letters of nomination and supporting documentation must be sent as a single PDF document to:
